

Rehab Shower Commode

The versatile E&J Folding Rehab Shower Commode chair has earned the reputa- tion of being the premier self-propelled chair for personal hygiene care. This chair features an overall narrow width and a corrosion-resistant stainless steel frame. The chair can be positioned over a standard toilet or be used as a portable, self-contained commode.

Standard Features

- Recessed seat and frame side contours allow easy access for toileting activities while seated
- Durable 24" one piece composite wheels with integral handrims and solid rubber tires
- Cushioned vinyl seat is sealed against moisture penetration and vented for optimal foam compression
- Chair comes standard with oval opening seat (C-shaped and solid seat are optional)
- Completely removable full length arms for ease of transfer
- Swingaway, detachable footrests permit close approaches to beds, toilets and wheelchairs
- Removable, hygienic plastic pail and lid are included
- Non-corrosive composite footplates
- Maximum weight capacity 250 lb
- Meets Medicare Code E1399

Warranty

Two year limited warranty on side frames and crossbraces.

Wheelchair Accessories

Graham-Field offers a range of complementary products for its wheelchair products.

Skin Protection and Positioning Cushion

Provides long-term skin protection and positioning for high-risk patients. A specialized gel center surrounded by comfortable foam layers reduces tissue interface pressures at critical points. Soft stretch- able cover is fluid-proof and reduces shear/friction. 350 lb weight capacity.

Two year limited warranty **8920 series**

Skin Protection Cushion

Reduces surface pressure through the use of a prop-rietary non-aqueous gel placed in three pressure zones. The cushion uses high-density base foam in combination with a visco-elastic topper for added comfort and also positions the user with a moderate slope from front to back. 250 lb weight capacity. Available in stan- dard and bariatric sizes. 18 month war ranty **8930 series**

Basic Wedge Cushion

Features a specialized gel layer with a convoluted foam topper that reduces tissue interface pressures at critical points. Moderate wedge design slopes from 4" in front to 3 1/4" in the rear. Soft stretchable cover is fluid-proof and reduces shear/friction. 350 lb weight capacity. Two year limited warranty **8220 series**

Wheelchair IV/O2 Holder Combo

Combination IV holder and O2 cylinder holder (cylinder not included) **B10320F**

Wheelchair Side Pouch

Convenient black side pouch attaches to manual wheelchair arm for extra storage
EJSIDE07

Wheelchair O2 Holder Bag

Adjustable black bag holds D or E cylinders (cylinder not included) **EJ02BAG07**

Wheelchair Anti-Fold Bar

Used on 16" - 24" wide wheelchairs to prevent folding of wheelchair and deter theft **92523850**

Everest & Jennings® has set the standard for manual wheelchairs for over 76 years. As the inventor of the first folding wheelchair that revolutionized the market, Everest & Jennings continues in its tradition of providing the innovation and the quality that you have come to expect. We are committed to meeting both the needs of our customers and users with our wheelchair offering that includes:

- ❑ Designs that are durable, built to last and meet RESNA standards for wheelchairs
- ❑ An extensive line of ready-to-ship wheel chairs to meet all your consumer needs
- ❑ Product offerings that provide value and are efficient for inventory management such as with interchangeability in parts

Graham-Field is focused on delivering the utmost quality, value and providing continuous improvements of our wheelchair line.
