

Slide-W-I-D-E™

Expandable/Retractable Sleep Deck

BASIC AMERICAN
MEDICAL PRODUCTS

- Expandable/retractable deck quickly and easily adjusts to 35", 39", and 42" with two quick-release ball-detent pins on each side.
- Quick adjustment is ideal for moving through narrow doorways.
- All pins are attached to the bed with lanyards, eliminating lost parts.

- Wide head and footboards available in 39" and 42" widths.
- Rails and assist devices are also quick-release without tools on each side.

Wider sleep surfaces reduce falls by residents accustomed to sleeping on common consumer products, which range from 39" for a twin to 60" for a queen sized bed.¹

¹Fragala G, Perry B, Fragala M, Examining bed width as a contributor to risk of falls from bed in long term care. *Annals of Long-Term Care: Clinical Care and Aging*, 2012; 20(6):35-38.
