For Immediate Release:

Graham-Field Introduces the John Bunn® DigiO₂ Finger Pulse Oximeter

January 25, 2008 • Atlanta, GA:

Graham-Field Health Products is proud to introduce the **DigiO₂ Finger Pulse Oximeter** by **John Bunn**, the premier name in respiratory products for more than sixty years.

The DigiO₂ Finger Pulse Oximeter, shown at right, combines a sensor and monitor in one convenient device. The DigiO₂ measures pulse oxygen saturation value (SpO₂), pulse rate value (PR), and blood perfusion index (PI) or pulse strength, in home or clinical settings, for both adult and pediatric patients. Features include:

- Bright, easy to read LED with multi-directional displays, enabling the user to read results from any angle
- Powered by two AAA alkaline batteries that provide approximately 2,000 spot checks between battery replacement
- Weighs just .125 lb (60g) with batteries; only 2.6" (66mm) long
- Audible and visible alarms and low-voltage indicator
- Turns on and measures automatically when a finger is inserted; powers off automatically in eight seconds when not in use
- Comes with a lanyard, batteries, pouch, and operation manual

Graham-Field Health Products, headquartered in Atlanta, GA, is a major manufacturer and distributor of healthcare products for the homecare, long-term care, primary care, and acute care markets. Its products include medical/surgical products, diagnostics, patient room products, homecare and long-term care beds, respiratory products, manual and power wheelchairs, and specialty seating products.
