

How To Install Your Lumex® Rollator Basket

1. Unfold the rollator and lift up the seat.

2. Locate basket and lower carry handle to the side of the basket.

Carry Handle

3. Install basket onto rollator frame using the four black hooks. Protective material covers the hooks to prevent scratching.

Black hook

4. On some models, the basket can be installed on the front of the rollator. Lift the two hooks on the sides of the basket and install on the front seat tubing of the rollator.
